Usare questo tracker non riguarda la perfezione. Riguarda il segnale — vedere la direzione in cui il tuo sistema si sta muovendo, anche quando lo fa lentamente. Un singolo punto dati ti dice dove ti trovi. Una settimana di punti dati ti dice dove stai andando. La direzione è più importante di qualsiasi singolo giorno.

Come si fa a fare il punteggio

Umore	Il fondo	Gestibile	Solido, stabile
Energia	Non riesco ad alzarmi	Superarlo	Completo e pronto
Qualità del sonno	Terribile, nessun riposo	Un po' di riposo	Profondo, rigenerante

Since the source is blank, the output must also be blank to preserve the structure and not add any content.
I will output a blank response to reflect the blank input, adhering to the rule of not adding any content.

Quali integratori stai ancora prendendo (e perché li stai ancora prendendo):

Since the source is empty, the output must be empty, preserving the structure (which is nothing).

Come vorresti che fosse il secondo anno:

Since the input is completely blank, the output must also be blank.
